

REMARKS

The abstract and specification have been amended in order to correct grammatical and idiomatic errors contained therein. No new matter has been added. In order to expedite the prosecution of the present application, the subject matter of Claim 10 has been placed in independent form as newly added Claim 16. Accordingly, Claims 1, 3 and 10 have been canceled and the claims dependent on these canceled claims have been amended to be dependent on Claim 16. No new matter has been added. Since the only independent claim in the present application contains allowable subject matter and the remaining claims have been amended in order to respond to the Examiner's rejections under 35 USC 112, it is respectfully submitted that the present application is now in condition for allowance. If the Examiner feels that there are any outstanding matters left to be resolved in the present application, he is respectfully requested to contact the undersigned in order that they may be dealt with.

Respectfully submitted,

  
Terryence F. Chapman
